## Market threats and opportunities in the implementation of sustainable products—results from empirical study of furniture industry

E Grzegorzewska, M Więckowska - **Drewno**: prace naukowe, doniesienia ..., 2017  infona.pl

The primary goal of the research was to define the market threats and opportunities which the furniture industry is faced with on introducing the asymmetrical veneering of wood-based panels. The empirical research was conducted in two stages. The first comprised a survey ...
